

On behalf of FLSmidth, I wish to extend 110th anniversary congratulations to everyone at CEMENT AND ITS APPLICATIONS Journal. As the only Russian language periodical devoted to cement production, research and design, your journal is an important source of information for our industry, both inside and outside Russia. For FLSmidth, you have also provided an important advertising venue for more than a century, and we continue to advertise in nearly every issue. Such a long and successful business relationship is remarkable in itself, and a testimony to your professionalism. It has been a pleasure to do business with you these many years, and we look forward to many more productive years in the future.

Best regards,

Jørgen Huno Rasmussen
Group CEO, FLSmidth
